LEVINE SPONSORS HIGH SCHOOL ADVISORY COMMISSION

Assemblymember Lloyd E. Levine (D-Van Nuys) is encouraging top 10th, 11th, and 12th grade public and private high school students with an interest in State government and policy to apply for a position on his San Fernando Valley High School Advisory Commission.

This highly selective Commission meets monthly to discuss, analyze, and provide feedback on important state legislation. In addition to policy research, students hear from a variety of community leaders including judges, police officers, and elected officials. At the end of the school year, Commissioners are invited to spend a day in Sacramento to meet legislators and lobby them on important issues. Community service is another important aspect of the Commission as students are frequently invited to participate in service activities.

“The San Fernando Valley High School Advisory Commission is an excellent opportunity for students to have a significant impact on their community,” said Levine. “Through the Commission students have the ability to influence policies that effect them.”

Interested students must complete an application, which includes a brief essay. Space on the Commission is limited, so applications must be post marked no later than July 4, 2003. All qualified applicants will be invited to attend a selection day on July 12, 2003.

Applications for the Commission are available for pick up at Assemblymember Lloyd Levine’s District Office at 6150 Van Nuys Blvd., Suite 300. Or, for more information, call Alycia Seaman at (818) 904-3840.
